Mr. Todd Sorosrak  
President  
Alief Youth Association  
12935 Old Richmond Road  
Houston, Texas 77099

Dear Todd,

On behalf of Coca-Cola North America, brand Minute Maid, the Houston Astros and Grand Slam For Youth Baseball (GSFYB), it is my pleasure to inform you that the "Pony" baseball field at L. S. Stiles Park, 12935 Old Richmond Road, Houston, Texas 77099, has been selected as our choice for the GSFYB Field Refurbishment Program for 2008.

GSFYB, which is co-sponsored by Minute Maid and the Houston Astros, is committed to renovating one youth baseball/softball field per year over the next two decades. In doing so, the philosophy of the program is to identify fields that "need a helping hand" and help bring them up to a higher level than they are currently. When developing a plan for refurbishment, three guiding principles are followed:

1. safety – what needs to be done to ensure that all improvements meet or exceed acceptable standards of safety;
2. long-term maintenance – how to help ensure that the upgrades and renovations are easily maintainable and will endure weather and usage; and
3. aesthetics – in what cost-effective ways can the field be beautified.

The proposed improvements to the field might include, but are not limited to, the following:

- Rebuild and resurface the infield and outfield surfaces with a dirt/grass infield
- Investigation of existing sprinkler system viability and possible remedies
- Erect a new backstop with appropriate dugout pads, benches and dugout covers
- Improved bleacher seating
- Fence safety guards
- Foul poles
- New electronic scoreboard
- Flagpole
- Landscaping
